PropertyPRO Document Header: Useage Guidelines - Progress Inspection

PropertyPROHeader_ProgressInspection.jpg

- The *PropertyPRO - Progress Inspection Report* Document Header is supplied in jpg format, set up according to the above specifications.
- The total fixed size is 210mm wide x 37mm high.
- When inserting the header it must sit flush to the left and top of the page.
- Number 5 above indicates the area where the val firm logo should be placed. It must be centred horizontally to the page and must not be more than 50mm wide and 22mm high. It should be centred vertically to the API and PropertyPro logos.
