Guide to Assessment

Criteria	Guide to Assessment
Has made a significant personal contribution over a reasonable period to the API through serving as an API volunteer.	Has actively contributed to the API and its strategic plan through regular involvement over a minimum of three years.
Has contributed to the development and dissemination of property knowledge.	Has contributed to the creation of formal property education through at least two of the following; development of property courses/events, formal presentations at property events or publication of articles in an industry recognised journal.
Has demonstrated leadership in a property discipline.	Has attained industry wide recognition of expertise in their sector as demonstrated by their practice and the views of peers.
Has made a substantial contribution to the advancement of the industry and/or property profession, including through upholding API standards.	Has upheld industry standards through visible compliance with all API guidelines (Professional Standards, CPD, and Membership) throughout their career and has encouraged their employees/mentees to do so.

Upon completion, please forward this nomination to:
